Subject: Updated Draft Lead Strategy
Attachments: R8 Lead Strategy DHT Edits DRAFT 4-10-2018.docx

Attached is the final draft of the R8 Lead Strategy. The team has done an excellent job refining the strategy. My minimal comments are included in the attached version. I would like the team to start sharing the strategy in draft form with the states prior to getting specific actions into the media space. State Drinking Water Directors are meeting next week and the Drinking Water program would like to share a draft of our full lead strategy on Monday. The states have already seen the draft drinking water portion. Are you okay with this approach?
